PAINTING STYLE

My watercolor sketch style is minimalistic and faceless. I focus on capturing each guest's specific attire and hair style. This stylistic approach allows me to complete single portraits in 5-6 minutes or 10-12 minutes for a couple.

Extra details can be added to your package. You can customize set amounts of portraits that do or do not contain upgrades.

STRIKE A POSE

To help complete as many portraits at your wedding as possible, I have set poses for your guests. As many as three adults can be put onto one portrait. Children/babies accompanying their parents can exceed the 3 person limit on a single card. This is the exception to the rule!

Each guest can appear in only one portrait. There will only be one copy of each portrait (one per person/family). If guests do end up in more than one portrait, then any other portraits they appear in they will be counted as a “new” guest.

SPECIAL PORTRAIT

I always include a portrait of the couple. This portrait does take more time as I spend extra attention capturing the happy couple, background, and small details. Make sure that it is in your timeline to stop by and take a photo. I want to capture an extra special portrait on your extra special day!

If we don't secure a good photo that evening, then be sure to send me a photograph from your photographer when you get the opportunity!
